

What is the average adult heart rate at rest

- A. 70-110 beats per minute
- B. 60-100 beats per minute
- C. 40-80 beats per minute
- D. 50-90 beats per minute

How many chambers does the human heart have

- A. 6
- B. 3
- C. 2
- D. 4

What is the largest artery in the body that carries oxygen-rich blood away from the heart

- A. Femoral artery
- B. Carotid artery
- C. Aorta
- D. Pulmonary artery

What is the medical term for a heart attack

- A. Cardiac arrest
- B. Myocardial infarction
- C. Atrial fibrillation
- D. Heart failure

What is the medical term for a fast heartbeat

- A. hypertension

- B. bradycardia
- C. arrhythmia
- D. tachycardia

What is the medical term for a slow heartbeat

- A. Bradycardia
- B. Hypertension
- C. Tachycardia
- D. Arrhythmia

What is the name of the valve that separates the left atrium from the left ventricle

- A. Aortic valve
- B. Tricuspid valve
- C. Mitral valve
- D. Pulmonary valve

What is the name of the valve that separates the right atrium from the right ventricle

- A. Mitral valve
- B. Tricuspid valve
- C. Aortic valve
- D. Pulmonary valve

What is the medical term for an irregular heartbeat

- A. Arrhythmia
- B. Asthma
- C. Diabetes
- D. Heartburn

What is the name of the outermost layer of the heart

- A. Endocardium
- B. Epicardium
- C. Pericardium
- D. Myocardium

What is the medical term for inflammation of the heart muscle

- A. pericarditis
- B. myocarditis
- C. endocarditis
- D. cardiomyopathy

What is the medical term for a condition in which the heart fails to pump enough blood

- A. Heart attack
- B. Heart failure
- C. Arrhythmia
- D. Cardiac arrest

What is the medical term for a condition in which the heart's electrical system malfunctions

- A. Cardiomyopathy
- B. Arrhythmia
- C. Heartache
- D. Atherosclerosis

What is the medical term for the study of the heart and its diseases

- A. Dermatology

- B. Oncology
- C. Cardiology
- D. Neurology

What is the medical term for a condition in which the heart muscle becomes thick and stiff?

- A. Heartburn
- B. Cardiomyopathy
- C. Heartache
- D. Heartbreak

What is the medical term for a condition in which the heart's valves do not work properly?

- A. Heart failure
- B. Aortic stenosis
- C. Valvular insufficiency
- D. Myocardial infarction

What is the name of the largest vein in the body that carries oxygen-poor blood back to the heart?

- A. Aorta
- B. Femoral vein
- C. Pulmonary vein
- D. Vena cava

What is the medical term for an abnormally high level of cholesterol in the blood?

- A. Hypercholesterolemia
- B. High blood pressure
- C. Hypertension
- D. Hyperglycemia

What is the name of the fluid that surrounds the heart and helps reduce friction as the heart beats?

- A. Heart fluid
- B. Blood
- C. Pulse fluid
- D. Pericardial fluid

What is the medical term for a condition in which the heart beats too slowly, causing dizziness and fatigue?

- A. Hypertension
- B. Tachycardia
- C. Atherosclerosis
